

(3<sup>rd</sup> August 2014)

Chris and his team at Oxen Boat Painting painted our 57' narrowboat Florence this summer and we very happy to recommend them to anyone. It was an excellent and professional job and we are extremely pleased with the results.

The process of choosing the design is well laid out, helped by the initial quick quote which gives you a ballpark idea of price followed by a more detailed plan to fill in. This takes a while to fill in but it is worth it as it gives you nearly every option you would wish for, with all the bells and whistles you may wish to add to your painting plan. You then get a firm quote for exactly what you want and you have a record of all the details (good to have a photocopy if you fill it in by hand). We visited the boat a few times during the process to address any on-going questions and to add a few tweaks here and there and we also had our boat blacked at the same time.

Regards

Chris & Joan Smith

Hi Chris,

Just thought you would be interested to know that your work has generated many favourable comments since we have returned to Yelvertoft and enquiries as to who the painter was. We have put a note in the front of the boat giving your contact details just in case anyone might like to follow up.

Best

Chris
